T. Wheeler (Reading)

Lunch

Poster session: 13h30-14h30

Symposium: Food production system

- 14h30-15h Agricultural biodiversity for diet diversity, quality and ecosystem sustainability
B Cogill (Maccarese)
- 15h-15h30 Sustainability of organic food production: challenges and innovations.
U. Niggli (Frick)
- 15h30-16h Afterres 2050: modelling for food security and sustainable diets
P. Pointerau (Toulouse)

Break

Debate

- 16h30-17h30 Genetically modified foods and sustainable diets: harmful or helpful ?
P. Wall (Dublin) & H. Meyer

Post-graduate session

- 17h30-20h 6 oral communications 20 min + 5 min discussion

Wednesday 29 May 2013

Symposium: Nutrition and health issues

- 8h-8h30 Are dietary recommendations for fatty acids sustainable ?
Pierre Weill (Comboutillé)
- 9h-9h30 Food production and greenhouse gas emission: how to change ?
N. Darmon (Marseille)
- 10h-10h30 The Mediterranean diet pattern as a prototype for sustainable diets
D. Lairon (Marseille)

Break

Symposium: Food for the future (renewal sources)

- 11h-11h30 Insects as novel protein sources
A. Van Huis (Wageningen)
- 11h30-12h Fisheries and aquaculture: contributing to sustainable diets
Y. Ye (Roma)
- 12h-12h30 Opportunities to enhance omega 3 fatty acids within the diet
J. Delarue (Brest)
- 12h30-13h Fiber-rich carbohydrates
C. Seal (Newcastle)

Lunch

Symposium: Cultural diversity of sustainable diet

- 14h-14h30 Urbanization and impact on sustainability of agrifood systems
C. Gaigné (Rennes)
- 14h30-15h Nutrition transition
R. Belahsen (El Jadida)
- 15h-15h30 Organic food consumption patterns: consumer demand and economic constraints.
Emmanuelle Kesse-Guyot (Paris)
